60 NEGRU, VERDE DESCHIS

DESCRIERE

Modern safety low shoes with a composite antipuncture midsole and a composite toe cap, which protects against compression with a force of up to 15 kN or a load weighing up to 20 kg from a height of 1 m. Antistatic outsole made of a combination of polyurethane and very durable rubber is not only safety thanks to the anti-slip properties but also resistant to oils and abrasion. The upper part is made of genuine leather "NUBUCK", and the inner lining is made of breathable polyester. Reflective elements guarantee increased user visibility. This model is equipped with a comfortable inner insole, which thanks to the gel heel absorbs shocks even better and brings a maximum feeling of comfort during work. These shoes look like sports shoes, but they perfectly protect your feet. Extra pair of shoelaces in each box.
